Editing Delays Hayseeds Season

Joe Pitt

Hayseeds hotly anticipated season premier has been delayed due to reported editing problems. However, the protests two weeks ago call these claims into question. Family matriarch Moses White came out with a very controversial stance on abortion. Many viewers are now up in arms, both in favor of "ridding evil seed" and pro-choice. This has put pressure on TLC to pull the show. At the same time, some conspiracy theorists claim something more insidious is happening.

"We have been promised incredible eye opening footage in the Christmas special," claims one viewer. "Don't you think that The Powers That Be might want to keep a lid on it? If everybody's eyes were opened... think what would happen. These so-called 'editing problems' - it smacks of cover up."

However, on the heels of recent controversial comments made by family matriarch, some skeptics wonder if this isn't simply a publicity stunt. TLC was unavailable for comment.

Homeland Security Captures Man Fleeing Country

DHS captured a preacher fleeing the country late Wednesday night. Tap here for a beat.

Percy Warner Park Suffers Damage

Louis Ironside

A seldom traveled section of Percy Warner Park suffered major damage due to what park officials are calling a "smoldering underground fire."

Park superintendent Linda Glassman said that, while rare, "these kinds of fires do occur, especially in well maintained parks that have been cultivated for a long period of time. A rich layer of combustible material can lie underground and a lightning strike or camper's fire can cause an unfortunate incident like this."

Tree experts have estimated that two acres of growth will eventually die off due to root damage, and experts from the Opry Mills Arboretum have volunteered to assist in the replanting and establishment of a healthy and enjoyable set of plant-life suited to the park.

Murder Suspect Arrested at BNA

Harper Pitt

An Alabama preacher was arrested by Homeland Security in the Nashville International Airport on suspicion of murdering his wife. He is suspected to have been fleeing the country to Russia by way of Germany.

In June of this year, Pastor Rick Tucker's wife was found stabbed to death in their home. After questioning him multiple times, local authorities released him because there was no concrete evidence tying him to the murder. However, as one source puts it "it just kept coming back to him. There were certain inconsistencies in his story that we just couldn't get around."

His wife is originally from Franklin, however the preacher himself has no evident tie to the Nashville area as his wife moved to Alabama decades ago.

Emo is back. Or at least really boring people are trying to get attention by just moping around. (Composure+Empathy, Wits+Investigation, Manipulation+ Socialize)

Have you seen the new e-cig shops opening up in Antioch? They are kind of creepy, but they offer the best deals – better even than the internet!

Dude, did you see the guy with the eyepatch hanging out at the Dunkin Donuts? He was asking people a bunch of questions like he was looking for vampires. What a creepy fucker.

Hayseeds continues to cause protests. It looks like the local conspiracy minded bible thumpers have added it to their regular set of “things we are outraged about”, like D&D and Obamacare. (Presence+Socialize, Intelligence+Computer)

Harpy rumors are in effect: Grill them for rumors!

You may be able to add a rumor as a downtime.

The hunters in town are still approaching kindred to warn them about the worms. I don't think they know what the court figured out a couple weeks ago.

Antioch sucks. Literally. I've heard there's a pack of diablerists controlling it. Somebody should do something.

The Prince is losing his spedin-kle, and his land holdings. As a matter of fact, does anybody know exactly how many properties he lays claim to?

The Crone know a dirty secret about the a local kindred. One that will end in final death... unless they use it to their advantage, of course.

A new Revenant showed up in Franklin, and has been making waves. I hate those damn shadow cults, but he certainly has a purpose.

Antioch will fall outside of the claim of the throne within months.

FEEDING RESISTANCE: 2

Do a hunting draw, subtract the above from your pool. Success: start full. Failure: start down four or twice your blood potency, whichever is larger. You may run a feeding scene to “top off”.

If you are unaligned, add three to the above.

Dec 21st: Red Stained Ramifications

When a Circle goes terribly awry due to a self-proclaimed demon hunter opening a portal in the middle of an initiation of a new acolyte, a trial is held, and the Prince finally sentences Xero to be staked and laid before a sunrise. Elijah, however, winds up with a unique companion. Meanwhile, the Lancea discover that the “helpful” hunters seeking an alliance to destroy the demon parasites have been entirely deceitful, using the harmless worms as a ruse to gain access to the city and even visit Elysium to mark their targets.

ANNOUNCEMENTS

New: Blood and Smoke is out!

So, Blood and Smoke is out, and we are using the new rules. The print edition is not available yet, and I would suggest holding off on spending XP until you have had a chance to read through the book. There is a dizzying array of new Merits, many of which are as powerful and useful as disciplines.

Disciplines have been printed out, and are in the ST book for now (it is the same print out from last game). Ask to read up on any discipline.

Condition and Boon cards are now being given out. They contain everything needed to roleplay them.

A new website will be up by next game, and we have a G+ community.
