Terrorist Slain in Hail of Bullets

Karl Mogul

Last Saturday, a terrorist who had been tracked by federal agencies was confronted in downtown Nashville on Broadway. The event led to the fatal shooting of both the unnamed terrorist and a federal agent. While the specifics have not yet been revealed to the public due to national security, a spokesperson noted that no further violence was expected, however they urged citizens to be vigilant and report anything out of the ordinary to the hotline at (814) 889-8845, extension 16.

There had been early reports of a chemical weapon or drone being used due to witnesses reporting wild, hallucinatory stories of a man with wings. These rumors have been attributed to visitors at the local honky tonks imbibing alcohol and repeating increasingly unlikely versions of what they witnessed.

Although pressed on the question of any connection between this shooting and the recent deaths at the fairgrounds, the spokesperson would not make a statement, referring reporters to the FBI.

The current statement from the FBI, released on April 8 regarding the fairground murders reads, "The FBI is continuing to provide assistance to the Nashville Metro Police Department to process evidence related to a multiple homicide investigation. The FBI has also opened a parallel preliminary inquiry to determine whether or not any federal laws were violated related to the case."

Vex Vandal in Scandal, Hiding

Brent Nash

After several women have come forward in recent weeks, each claiming that local musician Vex Vandal forced them to have sex after drugging them, the local musician has gone into hiding.

The first victim's statement was released by Metro Police on Monday, a statement made by a 'Jane Doe', whose real name is being held. "It was terrifying. I couldn't resist his power. The drugs held my captive. I couldn't say no."

There have been reports that the now infamous figure has been spotted in disguise at local bars, discussing various issues with locals. However, no photos or other proof has come to light.

His agent has not responded to inquiries as of press time.

Five Aces Protest Grows, Focuses

Mike Neustrom

Protesters at Five Aces Financial have increased in number, although their tactics have matured over time into a peaceful but serious effort to bring attention to the growing income divide in America and Tennessee.

Some protesters on the site Thursday morning also held signs demanding that Tennessee raise the legal minimum wage to \$25 an hour.

Major shareholder Johnny Pinkerton was unavailable for comment.

Did you see the stuff airing out of East Nashville on channel 4? Hipsters are getting old TVs with rabbit ears to watch. It's a cult phenomena!

The Cincinnati office of the FBI has sent a representative to Nashville. That seems odd. I wonder why they would be here rather than somebody from Washington DC?

Fuck Bill Cosby. Fuck Vex Vandal. Fuck Gary Glitter. Assholes.

While the strange numbers continue to appear around town, there's nobody translating them any longer. It would appear that interest has dried up.

I'll bet whoever was killing animals is behind the slaughter on at the fairgrounds. Those horrible acts stopped right when the murders happened.

Carthians are running around breaking the traditions and the Invictus seem powerless to stop them. How are these two groups suppose to be the examples of society?

What the heck was that thing that accompanied the team to the fairgrounds? The one with the mouth sewn closed?

Who is fixing the basement, I wonder?

I wonder what a Strix taking over a kindred looks like? How can you tell? Can you even tell if you're the one being controlled?

The FBI in the news has made several kindred question where Jack Cade went, and what Homeland Security is doing in town these days.

Chapter 33, Game 1

Cyrus went apeshit and turned into a falcon. Or something. Seriously, what the hell happened, and why were there humans all over Elysium? And a huge hole in the basement?

Chapter 32: Summer in the City

The previous chapter leaves our characters with a new Prince, at least two new enemies, and a new problem arising out of a solution.

We had a great Humanity Breaking Points workshop prior to last game. I received some feedback that some players are still confused. Please ask questions!

Many players are not using Aspirations to get beats. As we will eventually drop the base level of beats, it is **highly encouraged** that you ask and learn how beats work.
